internationale standarder og symboler

Solution

Healthier Workplace

PROJEKTET Den SUNDE ARBEJDSPLADS* er et omfattende kontorhygiejneprogram, der hjælper med at engagere medarbejdere og reducere sygdom.

Standard RE

Period After Opening

The safety of cosmetics is covered by the EC Cosmetics Directive (76/768/EEC) Affects Creams, emulsions, lotions, gels & oils for the skin (hands, face, feet etc) The Cosmetics Directive aims to provide useful information to consumers using the "Period After Opening", The PAO symbol must be used when, after opening, the deterioration of the product may lead to harm to the consumer. Opening of the product may be considered as occurring when the consumer opens the product for use for the first time

HACCP Certification

HACCP stands for Hazard Analysis Critical Control Point. HACCP is a risk management methodology used by the food and related industries for the control of food safety hazards to acceptable risk levels. Kimberly-Clark Professional* supplies excellent, food safe products and services to the food and beverage industry - certified by HACCP Australia.

Trade

ISO 14001

This gives the requirements for environmental management systems, confirms its global relevance for organizations wishing to operate in an environmentally sustainable manner.

ISO 9001

This gives the requirements for quality management systems, is now firmly established as the globally implemented standard for providing assurance about the ability to satisfy quality requirements and to enhance customer satisfaction in supplier-customer relationships.

Regulation (EC) No 66/2010 of the European Parliament

European Ecolabel - The European Ecolabel scheme encourages businesses to market products and services that are kinder to the environment. Only products that meet strict environmental standards are entitled to use the Ecolabel accreditation. This product is European Ecolabel accredited. It is your guarantee of environmentally responsible manufacturing at every stage of the product life cycle.
